CPI to Percentage Conversion for UG Programmes

This is to inform all concerned that the Institute follows a Grade Point based evaluation system for its Undergraduate (UG) programmes, wherein the academic performance of students is represented through the Cumulative Performance Index (CPI).

The formula for conversion of CPI into equivalent percentage marks was approved in the 3rd Meeting of the Institute Examination Committee (IEC) held on 02/06/2018.

$$\text{Percentage Marks} = (\text{CPI} - 0.75) \times 10$$

The converted percentage shall be rounded off to two decimal places.

This conversion shall be applicable for Undergraduate (UG) programmes wherever the equivalent percentage of CPI is required for academic and official purposes.

[Dr. A. R. Kadam]
Dean, Examination & Evaluation

[Dr. L. Y. Waghmode]
Director
