MUSICAL WORKSHOP (Harmonium & Tabla)

It's wonderful to hear about the harmonium and tabla workshop that was organized with the aim of promoting the holistic development of students! Learning to play musical instruments can have many benefits, including improving cognitive skills, enhancing creativity, and promoting personal growth.

It's great to know that 35 students participated in the workshop and that it was guided by Honorable Annasaheb Dange Kala Academy Music Teacher Amol Wagh Sir. Having experienced and knowledgeable guides can help students learn and develop their skills more effectively.It's also notable that the Executive Director of the Institute, Hon'ble Kanai Sir, the College Director Dr.Vikram Patil Sir, and Registrar Shailendra Hivekar Sir gave greetings for the workshop. Having the support and encouragement of distinguished leaders and administrators can help students feel valued and motivated to continue learning and developing their skills.

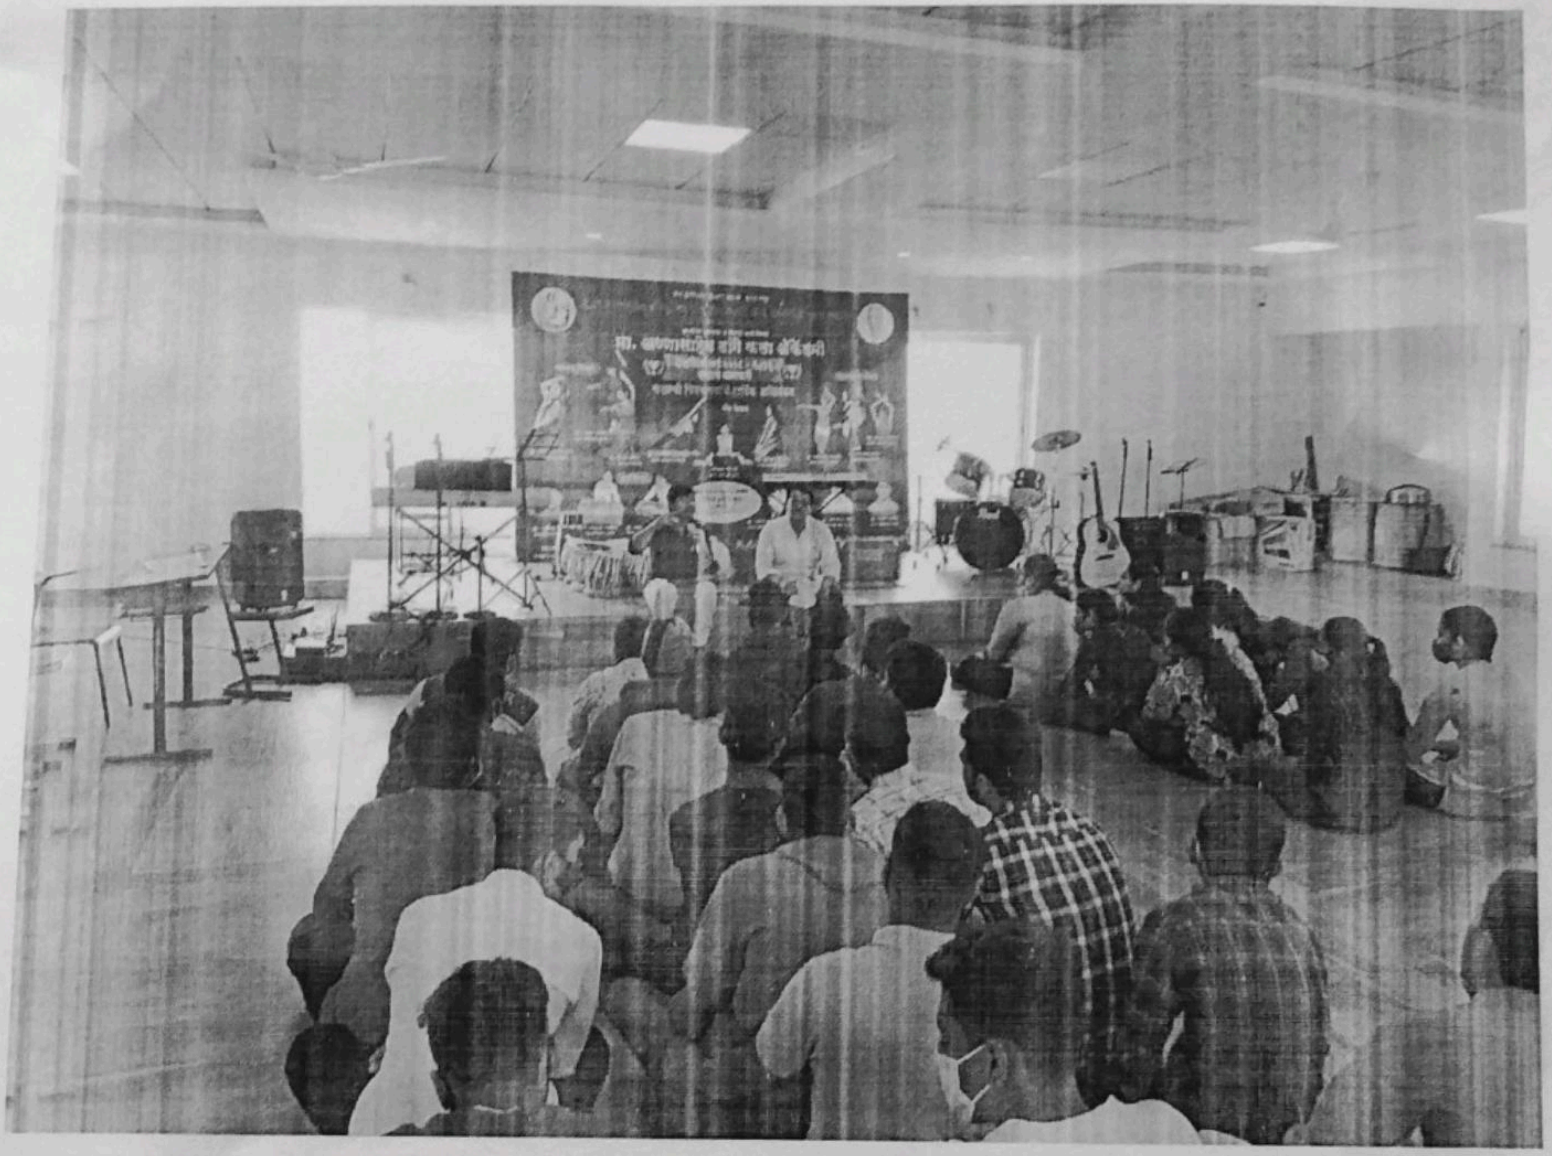

Overall, it sounds like the harmonium and tabla workshop was a positive and beneficial experience for the students who participated, and it's great to see efforts being made to promote holistic development through music education.
