"Tree Plantation"

Tree plantation drive was held by our college "Annasaheb Dange College of Engineering and Technology". The main aim of this programme was to spread and create awareness to protect the environment from degrading. The programme was started with influence speech from Mr. Dange Sir based on importance of trees in our life. Based on their instruction we were taken to Malewadi for tree planation.

We had planted various types of trees. As per instructions given from teachers we started our programme in group of students. As located for tree plantation was so wide that it was not possible to plant trees individually so to cover so distance we first passed trees in chain of students at the location since when all plants put at their places, teacher and staff given instructions about how to plant them. Following their instructions we have planted nearly 2500 plants in one day.

Students were highly enthusiastic towards this activity. In order to restore eco-balance of afforestation drive was taken with all seriousness. Almost 300 Students participated in this activity from ADCET, Ashta.

Programme was appreciated by representatives. At the end of programme there was photo session with teaches and student.

"Cleanliness Program at ADCET Campus"

On Occasion of Birth Anniversary of Mahatma Gandhiji

A 'Make your college and city Clean and Green' campaign was organized in our college. This program was held in accordance with nation-wide 'Swachh Bharat Campaign' on the occasion of "Gandhi Jayanti" 2nd October 2019. Mahatma Gandhi taught us how to live for the country. They broke the chains of the slavery and freed mother India. So as a tribute to their work we started our campaign. Cleanliness is our moral duty and a fundamental responsibility of an Indian citizen. It is necessary for all individuals to take part in their country's progress. Cleaning our home and environment gives us a sense of accomplishment and satisfaction. Cleanliness is a regular practice that prevents the spread of disease causing organisms.

Every parent should educate their children with good cleanliness habits and they should be properly trained at early age. Student started campaign from their respective classes. The students and volunteers along with entire team, launched cleanliness drive. The main purpose of this programme was to create awareness among the students regarding cleanliness and its benefits under this programme, all students from SY to BE participated along with Teachers.

Our Teachers started programme by cleaning the dust on stairs. Then students and volunteers followed suit some of us picked brooms and started our job. Some students started picking wrappers scattered on grounds and roads. After collecting them they threw them into dustbins.

“Gender Equality and Health Issues in Girls”

Guest Lecture on “Gender Equality” was delivered by Dr. Varsha S. Khot on 18/10/2019. At first Director, Dr. G. N. Kulkarni Felicitated Dr. Khot. Miss. S. T. Salgar Madam has given Introduction of guest. NSS coordinator Prof. Amol dange was present at the time of this seminar. The speaker explained the concept of Gender Equality. According to her the list of legislations as well as types of discriminations or inequalities may go on but the real change will only come when the mentality of men will change; when the male species of human beings would start treating women as equal and not subordinate or weaker to them. Students found the lecture really inspiring.

During the two hour session she talked about traits of a Healthy relationship where good communication, respect, trust, honesty and equality plays an important role. She also mentioned the traits of an Unhealthy and Abusive relationship which lacks good communication, honesty, trust, respect and which includes physical and emotional abuse. Dr. Varsha shared her experiences with the students where she talked about the girls problem and difficulties.

Dr. Varsha told us importance of breakfast Skipping the morning meal can throw off your body's rhythm of fasting and eating. When you wake up, the blood sugar your body needs to make your muscles and brain work their best is usually low. Breakfast helps replenish it. If your body doesn't get that fuel from food, you may feel zapped of energy -- and you'll be more likely to overeat later in the day. Breakfast also gives you a chance to get in some vitamins and nutrients from healthy foods like dairy, grains, and fruits. If you don't eat it, you aren't likely to get all of the nutrients your body needs.

Dr. Varsha gave a various examples of successful women like Pepsico CEO “Indra Nooyi”, first pilot women pilot “Amelia Mary Earhart” etc. Dr. Varsha made the students aware and gave them certain warning signs of abuse where physical hurting, possessiveness, isolating someone were some of the elements.

The session was much informative as the students came forward to make the promise to respect both the genders equally. Thus the session came to an end with the vote of thanks by one student.

“Awareness Talk on Tuberculosis on the occasion of World TB Day 2021”

Guest Lecture on “Awareness talks on Tuberculosis” was delivered by Mr. Rajesh Kumbhar on 26/03/2021. At first Prof. V.A. Mane felicitated Mr. Rajesh Kumbhar, Mr. Prajwal Shinde has given introduction of guest. NSS coordinator Prof. K.M. Dange was present at the time of this seminar. Mr. Rajesh Kumbhar explained the concept of Tuberculosis and its symptoms also he extended his talk about briefing. Each year, we commemorate World Tuberculosis (TB) Day on March 24th to raise public awareness about the devastating health, social and economic consequences of TB, and to step up efforts to end the global TB epidemic. The date marks the day in 1882 when Dr Robert Koch announced that he had discovered the bacterium that causes TB, which opened the way towards diagnosing and curing this disease...

TB remains one of the world's deadliest infectious killers. Each day, nearly 4000 lose their lives to TB and close to 28,000 people fall ill with this preventable and curable disease. Global efforts to combat TB have saved an estimated 63 million lives since the year 2000.

The theme of World TB Day 2021 - ‘The Clock is Ticking’ –conveys the sense that the world is running out of time to act on the commitments to end TB made by global leaders. This is especially critical in the context of the COVID-19 pandemic that has put End TB progress at risk, and to ensure equitable access to prevention and care in line with WHO's drive towards achieving Universal Health Coverage.

The session was much informative as the students came forward to make the promise to campaign in society regarding Tuberculosis. Thus the session came to an end with the vote of thanks by one student.

HISTORY OF RTI ACT, 2005 & ROLE OF ARUNA ROY

The organisation called Prardipor Kiboo Shakti Samithi was instrumental in the passage of RTI Act. Aruna Roy is the mastermind behind the RTI Act 2005. This act was enacted in order to consolidate the fundamental right in the Indian constitution 'freedom of speech'. This law was passed by Parliament on 15 June 2005 and came fully into force on 12 October 2005.

Arundhati Roy has been at the forefront of a number of campaigns for the rights of the poor and the marginalised. These have included, most prominently, the Right to Information, the Right to Work (the NREGA), and the Right to Food. More recently, she has been involved with the campaign for universal, non-contributory pension for unorganised sector workers as a member of the Pension Parishad and the NCPRI for the passage and enactment of the Pensioners' Redress Act.

Report Plastic Waste Disposal Awareness Program

As a part of Azadi Ka Amrut Mahotsav, under National Service Scheme (NSS), and in association with Ashta Nagarpalika and department of civil engineering, an awareness program was conducted on plastic waste disposal on 28th February, 2022. As such, a small documentary on the ill effects of plastics was prepared by the students on the occasion of National Science Day. This documentary was played / broadcasted in various parts of Ashta town & nearby schools. The main motto of this broad cast was making the citizens of Ashta aware about the plastic pollution & possible ways to reduce the use of single use plastics. For making the campaign more effective the documentary was made in local language. The students of third year Civil engineering participated in this campaign. The created documentary was uploaded on Youtube & the link was also shared in public domain for wide spread.

Say Yes to Life, No to Drugs Pledge

सपथ पढ़िये | Read Pledge

We realize that drug abuse is increasing in our country, especially among the youth and this is a matter of concern. We pledge that we will participate in stopping the drug abuse. We promise that we will not consume any harmful or illegal drugs in any way for any purpose.

We will create awareness about the effects of drug abuse by encouraging every person, especially the youth so that the youth of India can live drug free and they can become creative and important members of the society.

Today we pledge that we will stay away from drugs and live a healthy life.
