

ABOUT THE INSTITUTE

Annasaheb Dange College of Engineering and Technology, Ashta (ADCET) is one of the foremost technical institutes in Western Maharashtra, distinguished by its commitment to improve the human condition through advanced science and technology. It was established in 1999 & become an Autonomous Institute from Academic Year 2017-18. The college is affiliated to Shivaji University Kolhapur, Maharashtra and approved by AICTE, New Delhi.

ADCET's campus occupies 32 acres in the heart of the city of Ashta, where 2700 undergraduate students receive a focused, technologically based education. At ADCET, Ashta We certainly believes that We can prepare the next generation for future. So we emphasize the 4 C's:

ABOUT THE DEPARTMENT (Basic Sciences)

Department of Basic Sciences is an essential aspect and the foundation for any Engineering and Technology discipline. The department includes the subjects like Applied Mathematics, Applied Chemistry, Applied Physics and Professional Communication. Development in Basic Sciences promotes progress in related fields of Engineering. The need for reading basic sciences in the engineering courses is emphasized and focused which prepares the student for higher courses in main stream of engineering. The department plays a major role for creating students an appreciation for the fundamentals in Basic Sciences from all branches of Engineering which can perform better in their chosen areas of study. In order to have a close look at all matters related to the performance and discipline of the students, a Students Counseling Cell is constituted at department.

The department always tries to bring out the best from the students, and as a part of it department organizes events like 'Lakshya' every year exclusively for First Year Engineering students, where students participate in all the activities enthusiastically. Earlier, Department of Basic Sciences had organized conference, Seminar and STTP such as, Two Days National Conference on 'Recent Trends in Interdisciplinary Research in Material Science' (NCRTIRMS) on 26th & 27th December, 2014, National

Seminar on 'Recent trends in Teaching English in Higher Education' on 08th August, 2015, STTP on 'SCILAB & SCICOS (Open source alternative to MATLAB & SIMULINK)' from 21st to 25th November, 2016 and STTP on 'Recent Trends in Multidisciplinary Research in Material Sciences' from 26th to 30th November 2017.

ABOUT THE CONFERENCE: Literature, Language & Digitalization have helped to begin the every major revolutions of the world. This conference offers platform to exchanging views on what is happening not only in language and literature world but also in all related sub- fields of Linguistics, Literary theory, Multilingualism, Digital literature Media literature etc. This is an exclusive chance to learn directly from experts from the language and literature. In the era of information & technology, it is worthwhile to study the scope of language and literature. Professionals in these fields can attend conference. The main objective of the conference is to bring together leading academicians, researchers & research scholars to exchange and share their experiences and research results on all aspects in connection with their respective discipline.
